**SPECIAL EVENT PERMIT APPLICATION
EVENT ASSISTANCE PROGRAM APPLICATION**

INTRODUCTION

Any organized activity involving the use of, or having impact upon, City property, City facilities, parks, sidewalks, street areas or the temporary use of City property in a manner that varies from its current land use or for revenue producing activities, requires a special event permit. (See City Code 3-7 "Utilization of City Property for Revenue Producing Activities") It is the City's goal to assist Event Organizers in permitting safe and successful events that create a minimal impact on the communities surrounding the events. For smaller or localized events, some of the items in this Application may not be applicable. In addition, if a proposed event meets one or more of the following criteria, the application will need to go to City Council for approval:

1. If a group wants to hold an event that will close a public facility or a collector or arterial street;
2. If a group wants to hold an event that will alter the existing physical character or nature of the City's property;
3. If a group wants to hold an event that requires the issuance of a Special Event Liquor License; or
4. If an event will require City support that was not anticipated in the budgetary process.
5. If an event is requesting City support through the Events Assistance Program administered by the Community Development Department.
